BREAKING NEWS!

The world's first **Bürkle** line is equipped with EOS Sleeves as standard in **Jawor-Parkiet** factory.

Dear Customers

We are proud to invite you to see our latest September issue of **Wood Industry Newspaper**.

In which we encourage you to read the article about most important event for us which is equipping the new **Bürkle** coating machine with the EOS system as an OEM for the **Jawor-Parkiet** company.

In these uncertain times **EOS system is the future** for the Wood industry. Implementation of that system guarantees **SAFETY**, continuity of production and real **savings**.

The trust of **Bürkle** and **Jawor-Parkiet** is the best recommendation.

EOS Sleeves is not a product, it is a **SYSTEM** enabling immediate and independently replacement of the rubber coating ensuring the continuity of the production line, now also available for the **ADHESIVE** line.

To learn more about the benefits of implementing the **EOS Sleeves system** in your company please visit our [website LINK](#) and contact the LIGUM Sales Department.

Best Regards,
Seweryn Talkowski
Sales Manager
